## ITINERARY

### **Washington DC**

Fly to Washington DC from the UK and arrive in the home of the White House and an array of iconic memorials. Washington DC is a political and cultural powerhouse of the USA, and the heart of the nation comes to life through free monuments and museums aplenty. Not only this, but the city throngs with events and festivals all year round.

Venture beyond the tourist hotspots and you'll find some true gems. Leafy Georgetown and Dupont Circle are hotspots for luxury boutiques, while culturally diverse neighborhoods, Adams Morgan and the Penn Quarter, are where you'll find trendy people, buzzy nightlife and a happening music scene. Washington DC is so accessible so there's no need to have a hire car for this part of your trip, saving money on parking fees!

### **New York City**

A 4-hour drive north-east sees you arrive at your next stop in New York City, a place that needs no introduction. But if it did, we couldn't go without mentioning good ol' Lady Liberty, world-famous Broadway theatres and the breath-taking Central Park. Spend an idyllic city break amongst skyscrapers and unbeatable shopping - you'll feel like you've just stepped into your favourite movie! Discover everything the big city has to offer during this part of your road trip.

### **Las Vegas**

Catch a flight from one of NYC's many airports across the US to Las Vegas. Las Vegas is a dazzling playground for all, where you'll find spectacular stage shows, death defying magic, dancing fountains, all night casinos and world-class cuisine - all on one street! It's true escapism at its finest.

On your Las Vegas holiday, you'll find sensory overload and lavishness at every turn, with opulent hotels that transport you to every corner of the world. Cruise on a Venetian gondola, sip champagne atop the Eiffel Tower and chillax by the pool at the foot of an Ancient Egyptian pyramid - here you can do it all, in VIP style.

### **Depart Las Vegas**

Catch your Virgin Atlantic direct service from Harry Reed back to London Heathrow. Alternatively, why not fly onwards to another US city such as Los Angeles?
