

Watch out
for your
friends 

BOOZE & BALCONIES DON'T MIX

Your balcony is there for relaxing on. It's not a shortcut to your friend's room or a diving board to a pool. Some holidaymakers die or are severely injured every year as a result of inappropriate behaviour on balconies, often after having a few drinks.

Please use your balcony sensibly and also keep an eye out for friends who may be the worse for wear!

- Never lean over, sit or climb on the balcony walls or railings.
- Don't try to pass items to someone on another balcony.
- Don't climb from one balcony to another.
- Never stand on balcony furniture.
- Never jump into the pool from your balcony.
- Take extra care on balconies after drinking alcohol as your judgement may be affected.
